Global Long-Short Equity

January 2020

Strategy and Focus

Managed by Marble Bar Asset Management (“MBAM”) since launching on 1st November 2019, the Chelodina UCITS Fund (“Chelodina” or “the Fund”) is a multi-PM global long/short equity fund combining the best of discretionary investing with bespoke trading technology, behavioural insights and performance analytics while running a low net exposure. Chelodina is dynamically managed for risk and capital allocation to a diverse selection of equity-based strategy sleeves across a variety of regions, sectors and styles designed to be uncorrelated to each other. The Fund does not measure itself against a benchmark but aims to deliver repeatable, alpha driven absolute returns with low volatility and low correlation to traditional asset classes.
