

Ash Park Global Consumer Franchise UCITS Fund

Global Consumer Franchise Equity

January 2021

Fund Overview

The Ash Park Global Consumer Franchise UCITS Fund is managed by a London-based team with extensive experience covering consumer companies. The Ash Park fund pursues a long-only, 'Buy-and-Hold' strategy focused solely on global Food, Beverage, Tobacco and Household & Personal Care companies (together, the 'Consumer Staples' sector). These companies have historically produced higher long-term returns than the market, and with lower volatility, and the sector tends to combine attractive income generation with inflation protection and growth, supported by brands and franchises which have often been built over decades, even centuries.

The Ash Park fund does not measure itself against any benchmark but has the objective of beating inflation consistently, with low risk and low volatility, through the ownership of high-quality Consumer Staples stocks that it believes are capable of growing their earnings and cash flows at attractive rates almost indefinitely. The Ash Park fund seeks to balance its desire to own the best quality stocks with a need to diversify its portfolio risk. However, its holdings will be concentrated (typically c.20 stocks) and it will be aiming for low turnover.

Monthly Portfolio Comment

Class A units in the Ash Park Global Consumer Franchise UCITS Fund in January were down -2.1% in Euros, down -2.8% in USD, and down -3.2% in GBP. For the year, Class A units are down -2.1% in Euros, down -2.8% in USD, and down -3.2% in GBP.

Following the funds strong performance into year end, the fund traced back some of those gains in January. There wasn't much news flow to report on, other than plenty of commentary that Chinese cosmetics demand has remained buoyant and would support the upcoming reporting season. Given our recent significant increased exposure to this theme, we probably should not be surprised to see two of this month's top three performers geared to China. Amorepacific of Korea, saw the online growth of its premium brand Sulwhasoo grow triple digit in Q4 in Mainland China, even if the group remains severely impacted by the lack of Asian travel. L'Occitane is also very geared to Asian cosmetics demand and saw its share price rise by c.25% on the day after its results on the back of a resumption of growth in Q4 (+4.3% LFL with online sales +62%) whilst indicating that its mid-term margins may end up higher than originally planned. On the negative side, Lindt, the premium Swiss chocolate maker reported somewhat disappointing sales in Q4 as the impact of store closures and lower travel retail demand kept overall results subdued. The top three contributors to the fund in January were Amorepacific, L'Occitane and Clorox. The top three detractors in the month were Coca Cola, Lindt and Heineken
