

Ash Park Global Consumer Franchise UCITS Fund

Global Consumer Franchise Equity

December 2019

Fund Overview

The Ash Park Global Consumer Franchise UCITS Fund is managed by a London-based team with extensive experience covering consumer companies. The Ash Park fund pursues a long-only, 'Buy-and-Hold' strategy focused solely on global Food, Beverage, Tobacco and Household & Personal Care companies (together, the 'Consumer Staples' sector). These companies have historically produced higher long-term returns than the market, and with lower volatility, and the sector tends to combine attractive income generation with inflation protection and growth, supported by brands and franchises which have often been built over decades, even centuries.

The Ash Park fund does not measure itself against any benchmark but has the objective of beating inflation consistently, with low risk and low volatility, through the ownership of high-quality Consumer Staples stocks that it believes are capable of growing their earnings and cash flows at attractive rates almost indefinitely. The Ash Park fund seeks to balance its desire to own the best quality stocks with a need to diversify its portfolio risk. However, its holdings will be concentrated (typically c.20 stocks) and it will be aiming for low turnover in order to minimise the transactional costs borne by investors.

Monthly Portfolio Comment

Class A units in the Ash Park Global Consumer Franchise UCITS Fund in December were up 1.19% in Euros, down -0.18% in CHF, up 3.01% in USD and up 0.58% in GBP. For the year, Class A units were up 20.63% in Euros, up 16.35% in CHF, up 18.45% in USD and up 13.88% in GBP.

December was a positive month for the fund in EUR, with a significant positive contribution from the Tobacco holdings. The strong performance of Tobacco continues to be driven more by depressed valuation and less negative regulatory news flow rather than industry fundamentals, which remain strong. Despite the recent bounce of the Tobacco holdings, their valuation remains at very depressed levels and we would expect this to be positive contributing factor to the fund for a number of years. The other notable news in the month was Unilever's cutting of its growth guidance. Even if Unilever's modest cut to revenue growth was largely blamed on select emerging market issues, the group has been struggling for a while on balancing its growth and profit trajectory, and it may require a greater tilt back towards growth at the expense of margins.

The top 3 contributors in the month were Imperial Brands, BAT and Nomad Foods. The top 3 detractors were Unilever, L'Occitane and Coty.
