

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Virtuoso UCITS Fund

a Sub-Fund of MontLake UCITS Platform ICAV managed by Waystone Fund Management (IE) Limited
GBP Retail Class Pooled Shares (IE00BLDGJY85)

Objectives and Investment Policy

Investment Objective

The investment objective of the Sub-Fund is to achieve long term growth in value.

Investment Policy

The Sub-Fund will seek to achieve its investment objective by investing on a long and/or short basis in equities (i.e. shares of companies) and equity-related securities (e.g. securities which have the potential to convert into a share of a company).

The Sub-Fund will primarily invest in companies which are incorporated or which have their principal economic activity in Europe. The Sub-Fund will however invest globally, with up to 15% of its net asset value invested in emerging markets.

For a company to be considered for investment by the Sub-Fund, it must meet minimum liquidity standards (liquidity measures how easily an investment in the company can be converted into cash), have a market capitalisation of at least €1 billion and comply with internationally recognised accounting standards. The Investment Manager will then select companies for investment based on a range of quantitative and qualitative factors, which may include ranking a company on a number of ESG (environmental, social and governance) factors.

Investments may be long or short. In broad terms, long positions mean that the Sub-Fund will benefit if prices go up, but lose if prices go down. Short positions mean the Sub-Fund will make a profit if the value of the investment goes down, but it will lose money if the value of the investment goes up. Unless the loss is capped or offset by another investment, such losses could theoretically be unlimited. Under normal market conditions, the value of the Sub-Fund's long positions may be up to 100% of its net asset value and the value of its short positions also up to 100% of its net asset value.

The Sub-Fund may invest directly in equities and equity-related securities or may invest indirectly by using derivatives such as options, futures and swaps. Any short investments will be made using derivatives. A derivative is a contract between two or more parties whose value is based on an

agreed-upon underlying financial asset, index or security.

The Sub-Fund may also use forward foreign exchange contracts and currency options for currency hedging purposes.

The Sub-Fund may also invest in collective investment schemes and exchange traded funds which provide exposure to the securities listed above and that are consistent with the investment objective of the Sub-Fund, subject to a limit of 10% on investment in open-ended schemes.

The Sub-Fund may also invest in cash, bonds and money market instruments for cash management purposes.

Subscription and Redemption

You may sell your shares in the Sub-Fund any day that banks are open in Dublin, Ireland and Zurich, Switzerland. You must submit your application to the Sub-Fund's Administrator before 1.00 p.m. one business day before the day on which you want to sell.

Income

Your shares do not pay income, but instead the Sub-Fund reinvests such income to grow your capital.

Fund Currency

As your shares are denominated in GBP and the Sub-Fund is valued in EUR, forward contracts are used to attempt to eliminate the effects of changes in the currency exchange rates.

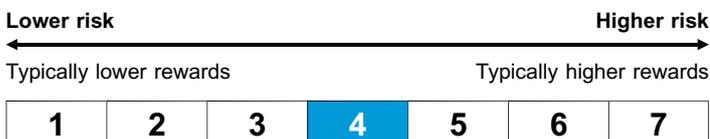

Benchmark

The Sub-Fund is actively managed, meaning the Investment Manager actively selects and invests the securities in which the Sub-Fund invests with the aim of meeting the investment objective of the Sub-Fund, and is not managed with reference to any benchmark.

Investment Horizon

Recommendation: the Sub-Fund may not be appropriate for investors who plan to withdraw their money within 5 years.

Risk and Reward Profile

Why is the Sub-Fund in the specific category?

The risk category for this Sub-Fund is set at 4. It is calculated in line with EU regulations and is based on the risk limit for the Sub-Fund.

Risk Disclaimer

A **category 1** Sub-Fund is not a risk-free investment - the risk of losing your money is small, but the chance of making gains is also limited. With a **category 7** Sub-Fund, the risk of losing your money is high but there is also a chance of making higher gains. The seven-category scale is complex. For example, a category 2 Sub-Fund is not twice as risky as a category 1 Sub-Fund. The risk category shown is not guaranteed and may change over time.

When categorising the Sub-Fund, it may happen that not all material risks were fully captured in the methodology:

Short Selling Risk: The Sub-Fund may create synthetic short positions through the use of derivatives. Short positions behave differently from

long positions, and the Sub-Fund can for example come under pressure to close out short positions at short notice, and before an offsetting long position can mature. This can create unexpected losses from positions that might otherwise have been seen as low risk or well hedged.

Credit Risk and Counterparty Risk: The Sub-Fund will be exposed to a credit risk in relation to the counterparties with whom they transact or place margin or collateral in respect of transactions in FDI. To the extent that a counterparty defaults on its obligation and the Sub-Fund is delayed or prevented from exercising its rights with respect to the investments in its portfolio, it may experience a decline in the value of its position, lose income and incur costs associated with asserting its rights. Regardless of the measures the Sub-Fund may implement to reduce counterparty credit risk, however, there can be no assurance that a counterparty will not default or that the Sub-Fund will not sustain losses on the transactions as a result.

Derivatives and Leverage Risk: Leverage arises from entering into derivatives whose terms have the effect of magnifying an outcome meaning the profits and losses from investment can be greater than if the investment is made directly into the underlying securities.

For a more detailed explanation of risks, please refer to the "Special Considerations and Risk Factors" section of the prospectus.

Charges

The charges you pay are used to pay the costs of running the Sub-Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

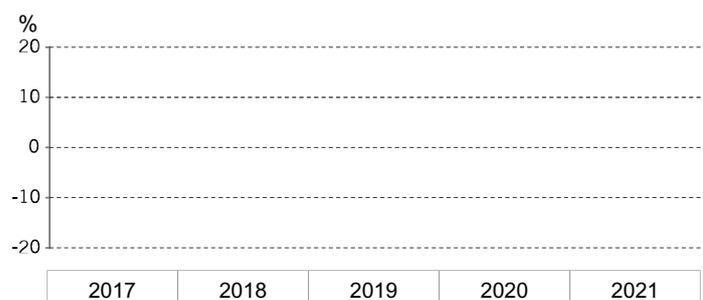

One-off charges taken before or after the investment	
Entry charge	5.00%
Exit charge	None
This is the maximum that may be deducted from the investor's money before it is invested.	
Charges debited to the Fund over a year	
Ongoing charge	4.95%
Charges debited to the Fund under certain specific conditions	
Performance fee	The performance fees are calculated in accordance with the methodology described in the prospectus using a rate of 20.00% of any returns the Fund achieves above the previous highest NAV.

Any entry/exit charge shown is a maximum figure. Where charges are shown in some cases you might pay less; you can find this out from your financial advisor or distributor.

The ongoing charge figure is based on an estimate of the charges. This figure may vary from year to year. It does not include portfolio transaction costs or performance fees.

You can find out more details about the charges and how they are calculated by looking at the Sub-Fund's prospectus and supplement which are available at www.montlakeucits.com.

Past Performance

There is insufficient data to produce a useful indication of past performance for the Share Class.

The past performance takes account of all charges and costs.

Past performance is not a reliable indicator of future results.

The Sub-Fund came into existence in 2020.

This share class has yet to launch.

The value of the Share Class will be calculated in GBP.

Practical Information

- The Sub-Fund's assets are held with its depositary, Northern Trust Fiduciary Services (Ireland) Limited.
